26) Stemless	53) General Information

No other glassware decorator provides as wide a range of decorating techniques as Elcyda does. If you don't see the process you are looking for, please contact us. We will try to develop a solution for your printing needs.

# Sandblasting

Sandblasting requires skill and individual craftsmanship from our artisan. This high perceived valued process is a permanent technique of the artisan who sand blasts your design with fine detail into the glass vessel.

## Glass

Glass provides a wide variety of results, from a subtle translucent frosted effect to an almost opaque white look. Any desired depth can be achieved with multiple depths within a single artwork.

## Ceramics

Simple Sandblasting reaches right to the matte white interior. On ceramics, a high contrast or very subtle look can be achieved.

2 Tone Sandblasting reaches 2 different depth levels. On ceramics, the first level removes gloss and lightens the colour. The second, deeper level reaches to the matte white interior.

## Metal

On bare metal, a very subtle texture is achieved resulting in a frosted matte look.

On Powder Coated Metal, a slightly lighter colour is achieved leaving a matte look.

# Stemware

The latest innovation, is a proprietary lead-free crystalline glass that complies with the world's most challenging specifications of Superior Strength, Complete Transparency, Long-Lasting Brilliance, and Perfect Acoustics. The material has been tested to withstand the rigors of a professional kitchen and maintains complete brilliance even after 1,000 dishwashing cycles. It even boasts the pure, musical sound you'd expect from crystal.

*Crystalline*

## Basic Colours

When selecting imprint colours, bear in mind PMS numbers are a guide only, based on printing on white ceramics. Colours appear differently on clear or dark coloured ware. Standard colour available range as per below. In addition, we work with our customers in finding the right colour match whenever possible. (Handwashing with mild soap is recommended to ensure longer imprint life on all products).

Colours Available for Ceramic Ware & Glass Ware (closest PMS)

 Cream PMS 614	 Lime PMS 2287	 Aqua PMS 2227	 Orange PMS 166	 Brown PMS 7594
 Yellow PMS 128	 Teal PMS 2243	 Blue PMS 2171	 Peach PMS 2026	 Brown PMS 7596
 Yellow PMS 110	 Turquoise PMS 323	 Blue PMS 2172	 Red PMS 2035	 Black
 Yellow PMS 131	 Green PMS 343	 Blue PMS 285	 Red PMS 186	 White
		 Reflex Blue		

Colours may not be exactly as shown

# GENERAL INFORMATION

1. **ARTWORK:** Catalogue pricing includes artwork and screens, based on the receipt of camera-ready artwork (e.g. sharp, well-defined black and white copy or drawing) suitable for direct photographic reproduction. We cannot use pre-screened, preprinted artwork. Photocopies, faxes and business cards are examples of unacceptable artwork. We can reduce or enlarge your camera-ready artwork at no charge to maximize or "best fit" the imprint area. If film is provided, please submit positive film emulsion side up. Original artwork is kept on file at Elcyda for up to 12 months for the convenience of re-orders. Artwork is for the exclusive use of the original customer and will not be transferred in any way. In order to maximize the efficiencies of electronic artwork we require .ai, .eps, or .cdr files. We cannot accept .bmp or .tiff files as they will produce substandard images. All artwork should be sent to the following e-mail address [art@elcyda.com](mailto:art@elcyda.com), [csr@elcyda.com](mailto:csr@elcyda.com)

**ARTWORK CHARGES:** Our art department is able to touch-up existing artwork that cannot be supplied in the proper vector format or recreate from almost any other format such as an existing piece of printed ware or even a business card. Our art charges are \$55(g) per hour by 15minutes increments. Art charges will be quoted beforehand based on the work required. No work will be done until the quoted art charges have been approved.

**VIRTUAL PROOFS:** Due to the inherent nature of most monitors (varied calibrations, color management, varying degrees of brightness and resolution) the actual imprint color (s) and imprint location will vary with actual production. Most virtual samples are a visual guide and may not reflect the exact imprint placement for the actual production run. A true representation for your design is an actual pre-production proof.

2. **SHIPPING:** Unless otherwise specified, within 5 days of due date, shipments will be made by the carrier of our choice (in their original packaging). Motor freight will be used when it is economical. Fed Ex/UPS, Air, or Parcel Post shipments must be protected by over packing at an additional cost of \$10 (g) per box. If shipment arrives damaged, a claim must be filed upon receipt of shipment with carrier. Orders requiring inside or residential delivery must be noted on your order. Failure to do so may result in delayed delivery and additional freight cost forwarded to you after the initial invoice is issued. Freight estimates by the factory are not guaranteed and we will not be held responsible for the final billing. Customer pick-up must be within 5 business days of notification or a storage fee will be charged. Pallet and over packed charges may occur. Using a customer's acct # to ship with, 3rd Party/Freight \$20.00(g). UPS returns for wrong address is \$44(g). If you desire expedited air shipments, it is recommended you procure a quote for the estimated shipping charges, prior to submitting your purchase order and or shipping instructions. Air shipments will only be sent with our receipt of your written authorization. It is the responsibility of the authorizing party to ensure this authorization is received in a timely manner prior to shipping.

**CANCELLATION CHARGES:** All costs incurred prior to order cancellation will be invoiced.

**SHIPPING:** All orders are shipped FOB from Elcyda's factory. Orders are shipped via the most convenient carrier unless otherwise specified. Goods lost or damaged after leaving our facilities are the responsibility of the carrier. Post office box numbers are not acceptable as shipping addresses. If an order is shipped via customer account, Elcyda holds no responsibility for lost or damaged goods, it will be customer responsibility to contact their carrier. We cannot ship parcel post. No drop shipping on a COD basis. A \$20.00 (a) charge will be applied for every split ship address required (first address being exempt). Any breakage claims must be made to the carrier only. Transshipment or onward shipments for orders shipped as per original PO will not be the responsibility of Elcyda for any damages, loss or additional shipping cost incurred.

**COMPLAINTS:** Other than those involving a freight carrier, complaints must be made within 10 days after receipt of shipment. Elcyda will not accept returned orders without prior arrangements.

**RETURNS:** Merchandise cannot be returned for any reason without written factory authorization. Any merchandise that is returned without RMA# will not be accepted.

**CLAIMS:** Claims must be made within 30days of receipt of a shipment. Claims for freight adjustment, breaking, printing issues, shipping errors, or any other error must be filed within 30 days of receipt. Return merchandise must have authorization from Elcyda. Elcyda reserves the right to inspect items from the actual production run before processing any complaints and/or disputes.

**SUBSTITUTIONS:** Due to unavoidable manufacturer's product changes and improvements, we reserve the right to substitute, at any point and time, products that compare in price and design for those shown in the catalog.

3. **SPECIAL INSTRUCTIONS** should be clearly marked on face of order; i.e. split shipments, event dates, sizing or positioning instructions. If specific instructions are not given for copy size, layout, etc. our best judgment will be used.

4. **FIRE SAMPLE:** A charge of \$125(g) for a one colour imprint, plus \$75.00 (a) for each additional colour, excluding artwork charges if applicable, plus GST and PST. Modified or altered samples are subject to the same charges. Nonrefundable.

5. **STANDARD INK COLOURS:** Elcyda carries a standard pallet colours for ceramic and glass. We also carry a standard pallet of colours for stainless and plastic. The PMS colour numbers for swatches listed are approximated and will vary slightly in production runs. Although we stock a wide range of colours, we cannot guarantee an exact colour match. Please keep in mind that there may be a significant colour difference when printing onto coloured products i.e. red on black, yellow on blue.

**GOLD IMPRINTS:** Gold or gold group colours (pink and purple) are \$1.80 (g) up to 2 square inches per side.

**COLOUR REGISTRATION:** Direct screened close colour or butt registration may result in a registration variance of 1/16" in the horizontal plane, this is within industry standards and must be considered acceptable.

**HALF TONES:** Are only available for digital printing and sublimation.

**INK COLOUR MATCHING:** PMS numbers are used as a reference only (the nature of ceramic inks is such that exact PMS colour matching cannot be guaranteed, but most colours can be matched quite closely). The charge for colour matching is \$50.00 (g).

Please consult Elcyda with questions pertaining to imprinting on dark coloured and glass items.

6. **PRICING:** All price quotations are subject to change without notice. All prices shown are per piece. All charges incurred prior to the cancellation of an order will be invoiced. We will gladly provide quotations for quantities beyond those shown in this catalogue.

7. **PRODUCTION TIME** is calculated from the date when Elcyda receives a "complete" order (requiring no further clarification), to the expected date of shipping. An order is deemed factory-ready only when all particulars have been received and/or confirmed (i.e. colour, ware, quantity, artwork, proofs, etc). Generally, allow for 2-3 weeks. Pre-Christmas orders will require additional time. Please budget accordingly or call for lead times.

8. **MINIMUM ORDER** as published per respective ware. Absolute minimum is 50% of the lowest published catalogue quantity per respective ware (as per case pack). A less than minimum charge of \$62.50(g) will apply.

9. **OVER AND UNDER SHIPMENTS:** Using our decorating processes, a shipment of up to 10% over or under must be accepted as a complete shipment. Orders which specify "NO OVER-RUNS" are subject to short shipment of up to 10%. Every effort will be made to ship order with as little variation as possible. Billing in all cases will be for exact quantity shipped.

10. **REPEAT ORDERS:** For exact repeat orders please quote Elcyda's most recent work order number. When referring to orders older than 12 months, new imprint information and artwork will be required. Repeat orders requiring changes to artwork will be considered as new orders and will be subject to applicable art charges.

11. **ORDERING PROCEDURE:** Please use a proper order form/purchase order. Ensure order is complete, confirming details such as ware, quantity, ship to address, colours, etc. If any details are incomplete on your original order, it may cause a delay.

12. **SAMPLE POLICY:** We are happy to provide random samples at no charge when available. We do, however, request that you absorb any freight charges associated with such requests. We will make every attempt to ship samples within 24-48 hours the request is made. Random samples are just that, and may not be available if you are seeking specific imprint/effects on an item.

13. **SALES TAX:** (where applicable) is the responsibility of the distributor and will be charged as per provincial laws.

14. A \$25.00 charge will be placed against an account in the event that an NSF cheque is returned to us.

15. **IMPRINT QUALITY:** With all imprinted items, avoid the use of caustic chemicals, harsh detergents, abrasive cleaners, and commercial dishwashers that can lead to premature fading and damage to the imprint. All ceramic colours and precious metals (gold and silver) are of the best quality available and are high-fired for durability. However, colours cannot be guaranteed against dishwasher fading due to handling and washing conditions beyond our control. We recommend hand washing with a mild soap for all imprinted ware.

Please note: No guarantee or warranty on colour permanence is offered or implied. Please advise your customer accordingly. In addition, Elcyda does not guarantee or warranty any imprinted ware intended for hotel, restaurant, or other institutional or commercial use.

16. **INVENTORY CONTROL:** While every effort is made to maintain adequate inventories at all times, this is not always possible. All orders received are allocated ware based on computer inventories shown at the time. However, at any given time, miscalculations, breakage, and simple human error can create shortages beyond our control. When possible, a similarly priced item may be offered as a substitution. However, we cannot be held responsible for shortages and/or costs incurred to substitute, or to make good on, original requested ware.

17. **TRADEMARKS:** In the event Elcyda is directed by the customer to use any logo, copy or similar material supplied by any source other than Elcyda to produce an order, it is agreed and understood that Elcyda shall be acting as an Agent of the customer on the use of such material. The customer, as principal, shall be responsible to comply with all laws regarding copyright, trademark, patent, right of privacy, licensing or similar right of protection, and shall indemnify and save harmless Elcyda, its agent, for any suits, claims, or action of any nature for damages, expenses and costs which may arise by reason of Elcyda using said material in accordance with the customer's direction, all of which shall be considered within the scope of the aforementioned agency relationship. Trademarks and logos shown on products in this catalog are merely depicted to represent the products and our ability to decorate them, but are never meant to imply the decorations were created by this company or that the products with any specific decorations are available to any purchaser, without the consent of the owners of the trademarked or copyrighted art or copy. Trademarks and logos shown do not imply endorsement of our products by their owners. Acknowledgements are made via fax or email within 48 hours following receipt of your complete order instructions. All information regarding pricing quantity, estimated ship date, colour and design will be included along with a sized photocopy of the artwork. Please check this information carefully and inform us of any discrepancies by phone and fax. Your order will not be produced until the signed acknowledgement is returned to us. Please carefully review your artwork before you sign, for you are responsible at this point.

18. Actual products may differ slightly from photography shown.

19. Items may be subject to availability & discontinued products may be substituted for similar products.
